

Cognitive Science Timetable, 2024/2025

These modules are delivered within the Cognitive Science programme. Most students in the taught masters programme will take the 8 core modules, most of which are listed as 7.5 credits each. Some philosophy modules are 10 credits, and substitutions can complicate things, so make sure to discuss any possible substitutions with me.

Substitutions are possible, but must be approved by the programme director. The timetable is subject to change. For class venues, please see the handbook provided to incoming cognitive science students, or use the general UCD timetable reference at https://www.ucd.ie/students/course_search/generalreferencetimetable/

To see the module descriptor for a given module, use the URL www.ucd.ie/modules/<CODE>, e.g. www.ucd.ie/modules/PSY40020.

Semester 1, 2024/2025

Mon	Tues	Wed	Thurs
9:00-11:00 PSY40020 Fundamentals of Neuropsychology (7.5 cr) Michelle Downes Theatre O, Arts Block. Additional seminars in Weeks 5, 8 & 9 on Tuesdays	Labs (in person) for PSY40020 on Tues at 10:00, Oct 8, Oct 22 and Nov 5 G103 Arts Block		
11:00-13:00 COMP47230 Introduction to Cognitive Science (7.5cr) Fred Cummins B003, Computer Science		11:00-13:00 COMP40250 Introduction to Cognitive Psychology (7.5 cr) Fintan Costello LG-20-AG	
	14:00-16:00 PSY40910 Embodied Social Cognitive Neuroscience (10 cr.) Klaus Kessler E115-ARTS		

Semester 2, 2024/2025

Mon	Tues	Wed	Thurs	
11:00-13:00 COMP40260 Connectionism and Dynamic Systems (7.5 cr) Fred Cummins L249 SUTH				
14:00-16:00 COMP40260 Connectionism and Dynamic Systems (lab, most weeks) Fred Cummins L247 SUTH	14:00-16:00 PHIL 40970 Topics in Mind and Cognition (7.5 cr) Keith Wilson D520 Arts	14:00-16:00 COMP40280 Embodied and Enactive Approaches to Cognitive Science (7.5 cr) Fred Cummins G-06 AG	14:00-16:00 COMP47740 Interdisciplinary Challenges (7.5 cr) Fred Cummins G88-NEWST
